

# K-12 SCHOOLS

## PANIC ALARM SYSTEMS

Help protect our most vulnerable and important community members. Work with the K-12 schools in your area and offer them in-classroom panic alarm systems and easy-to-see perimeter gate and door alarm systems.

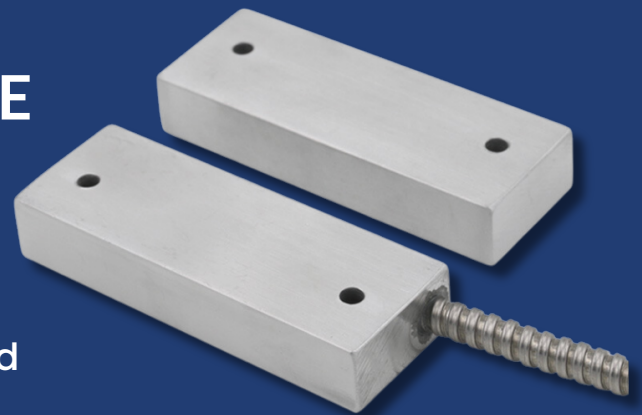

Our wide variety of wired and wireless panic alarm devices such as pendants, push buttons and motion sensors make it easy to customize a solution for any K-12 school.

3" Long Surface Mount Panic Switch Series

## PERIMETER DOOR AND GATE MONITORING

Detect the intruders at the perimeter before they get in with our heavy-duty door and gate position switches monitored by an LED annunciator. It's easy to see all of the doors and the sounder calls attention to a problem immediately.

Surface Mount Magnetic Contact Series
