

RESIDENTIAL & COMMERCIAL

INTRUSION DETECTION

Flair has the widest range of door and window position sensors on the market so you can tailor a security system for exactly what your customer needs.

Overhead Door Magnetic Contact

PERIMETER SECURITY

Add another layer by installing fence vibration sensors and cameras so the system catches intruders before they get into your home or business.

1000-H2O: Water Sensor, Terminals

WATER LEAK DETECTION

Damage due to water leaks is the number one most common insurance claim. Water leak sensors can be integrated into security systems inexpensively.

3" Long Surface Mount Panic Switch Series

PANIC ALARMS

Protect your employees from unauthorized persons by giving them the security of a panic alarm system so they know they can call for help discreetly and easily.
